TEACHING EVALUATION SURVEY (TES) RESULTS, FALL SEMESTER 2024-2025 AY

UIB
SINCE 1992

Teaching evaluation survey is conducted at the end of each semester for all courses to improve the quality of education and gather feedback from students through the Academo platform.

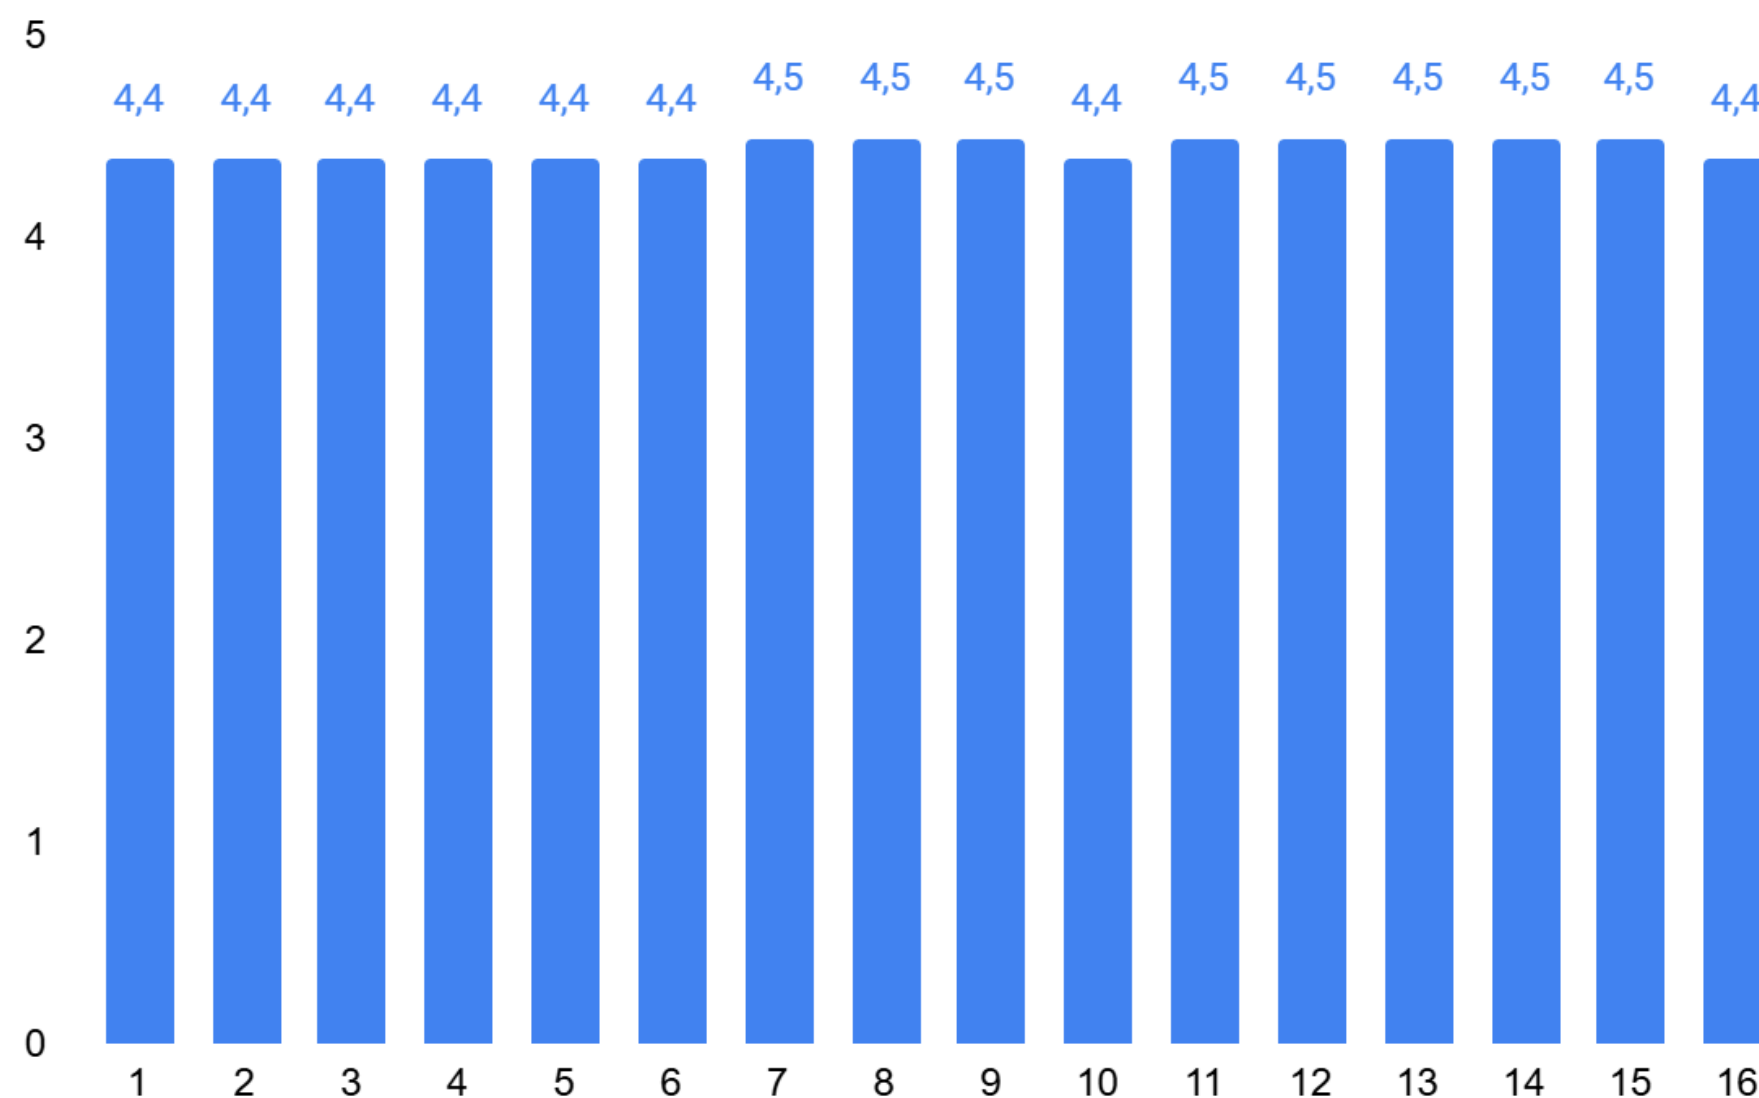

A total of **7,666 individual evaluations** were collected during the survey, each representing feedback on a specific academic course. The survey covered **344 courses** taught in the fall semester of the 2024–2025 academic year.

Due to the absence of respondent identifiers, it is not possible to determine the exact number of unique students. To avoid methodological distortions, an assessment of respondent coverage is therefore not provided in this report.
